SLAUGHTER OF MEN AT VERDUN

French and Germans Continue to Battle For the Possession of Hill 304.

London, May 12.—The battle of Verdun has taken on a most intense phase. For two days the French and German armies have been engaged in a desperate effort to settle once and for all the possession of hill 304.

Thousands on both sides have already fallen in the score of fights on and around this eminence, which has been called the key to the fortress. Other hundreds were killed to day and yesterday, and hill 304 is still no man's land.

The present fight was begun by the French last night with a heavy bombardment, and then at 3 o'clock this morning General Neville sent his troops into action.

Reports Disagree. According to the French official report, after severe fighting they drove the Germans over the crest and captured a fort on the further, or north-east slope, of hill 304.

The German official statement flatly contradicts this, declares that three French attacks on the hill were repulsed and that in a southwest retreat through the town of Esnes the French forces—which included a whole African division—were subjected to the heaviest losses.

At the same early hour the French carried out, as a diversion, a surprise attack on hill No. 287, two miles to the west; carried a German trench and killed or captured every man in it.

The German official communication is silent on this affair. The fighting has gone on all day, with the Germans taking the offensive. First the usual violent bombardment took place and then, at 5 o'clock this afternoon, a strong infantry attack was launched on hill 304 and the Avocourt woods, the attacks were repulsed, according to the French report, and with the usual slaughter.

Night found the battle still in progress as an artillery duel.

SCOTTISH RITE IN SALT LAKE

Salt Lake, May 19.—The twenty-seventh annual reunion of the Scottish Rite Masons of Utah was brought to a close last night with the annual banquet, which was given at the Masonic temple. The chief work of the reunion, which opened last Monday, under the direction of F. C. Schramm, deputy of the supreme council, was the initiation into the order of thirty-five novices. The degree work was completed yesterday, when the thirtieth, thirty-first and thirty-second degrees were conferred.

No formal program was carried out at the banquet last night, but impromptu talks were given by prominent members of the order and by the officers, who gave talks were Captain W. B. Wallace, president; Julian Bamberger, secretary, and W. H. O'Byrne, orator.

The class was made up of the following: Thomas Holmes, R. L. Lavis, D. H. McMurtrey, W. B. Wallace, H. G. Sleek, C. F. Barrett, R. A. Bowdell, F. W. McElroy, C. A. Kelley, C. H. Kendall, W. C. Gill, F. M. Nye, H. G. Godfrey, M. Z. Presler, H. H. Peterson, J. L. Castagnetti, J. T. Potts, P. S. Ourlanian, J. J. LaBee, J. M. Bamberger, C. O. Stout, R. F. Orlob, C. R. McMahon, A. J. Wilson, F. A. Donk.

STATE CONVENTION OF DEMOCRATS TO BE HELD IN OGDEN

The Democratic state nominating convention will be held in Ogden. The state executive committee of the party, meeting last night at the Hotel Utah, in Salt Lake, decided upon the place where the party members from all over Utah will assemble to nominate candidates for governor and the other state offices.

The time of holding the convention, however, was not decided. That was left to State Chairman S. R. Thurman and a committee which he will choose. Judge Thurman said he had no idea, as yet, when the convention would be held.

"Some Democrats talk," said he, "of a time as early as the first week in July. Others mention the latter part of July, some August. We may not hold it until early September."

State conventions of both the big parties will be held in Ogden. The Republicans some time ago chose Ogden and decided on the week of August 7 as the time. The date was left up to the secretary of the state committee and the Ogden Republicans and has not been set.

Chairman Not Named. The executive committee voted for Ogden because the Ogden Democrats desired it and the party leaders regarded the convention as a good means of gingering up and encouraging the Weber county workers.

It is probable that Chairman Thurman and his conferees who will fix the date for the Ogden convention will also select the temporary organization. There is no intimation yet of who will be the temporary chairman and deliver what is popularly known as the "keynote" speech.

Also, nothing has been done with reference to the congressional district conventions, to nominate the candidates for congress. It is probable that the Democrats will follow the example of the Republican contemporaries, having the first congressional district delegates to the state convention nominate their man for congress at Ogden as a sequel to the state show and holding the Second district convention at a later time in Salt Lake.

The first district scatters to the four corners of the state. Ogden is in that district. The Second district is more compact, comprising Salt Lake, Davis, Tooele and Utah counties. The Second district would insist on holding the nominating convention within the district.

Disposing of the place for holding the state convention, the Democratic committeemen last night discussed organization plans.

MANY COMPLAIN AS TO TAXATION

The county board of commissioners have appropriated \$400 for the Inter-mountain Good Roads convention in Ogden June 13 and 14.

Postmaster W. W. Browning commented that the road in Marriott district is difficult to travel with the mail wagon. The board directed that it be repaired and placed in good condition.

Wednesday there were about 50 people on hand to seek adjustment in tax matters, many of them applying for remittance rather than the lowering of the valuations as made by the assessor. On the question of remittance, Chairman W. C. Hunter remarks that many people are laboring under a misapprehension, saying that all widows think they are entitled to a remittance of their taxes. This is an erroneous conception, Mr. Hunter says, and the people should disabuse their minds of it. Remittance of taxes can be made only to indigent people and many widows are by no means indigent.

PLANNING FOR GOOD ROADS CONVENTION

At a meeting last night of representatives of various committees having in hand arrangements for the inter-mountain Good Roads convention in Ogden, June 13 and 14, assurance was given that the convention will be a success. All the committees made favorable reports.

The program committee reported that all details had been worked out and that the program would be in printed form soon. The finance committee had no hesitancy in saying sufficient funds had been raised to make the convention one of the best in the history of the good roads movement in the mountain states.

From the railroad committee came the assurance that both electric and steam lines will give excursion rates

MOHLER RESIGNS AS HEAD OF U. P. SYSTEM

Omaha, Neb., May 18.—The resignation of A. L. Mohler as president of the Union Pacific and the Oregon Short Line railroads, effective July 1, was announced here tonight. No reasons for the resignation were given and railroad officials would not discuss Mr. Mohler's action.

From sources in close touch with Mr. Mohler, it was learned that he had been in ill health for several months following a fall while skating on the ice of a municipal park in this city last winter, and this, it was said, may have caused his retirement.

Mr. Mohler's announcement follows: "Mr. Mohler announces that he has decided to retire as president of the Union Pacific Railroad company and the Oregon Short Line Railroad company on July 1, but will be identified with these companies in an advisory capacity."

ITALIANS NOW HOLD THEIR OWN

Have Checked the Advance of the Austrians and Have Made Gains.

Paris, May 18.—The Italians in Southern Tyrol now are tenaciously holding back the Austrians from further inroads into their positions. In the Ledro valley, southwest of Trent and to the south of the city, the Belgians heavy artillery attacks threw vicious attacks against the Italian lines, but all of them were repulsed with heavy casualties, according to Rome.

Five attacks were made on Zegnartort, the same number as were made Wednesday and again all of them were stopped with sanguinary losses.

The Adamello zone, to the west of Trent, where previous gains have been made by the Italians, King Victor Emmanuel's men have occupied additional territory in the Sarca river region, and in the Monfalcone region, near the head of the Gulf of Trieste, have recaptured trenches taken from them by the Austrians last Monday.

On the front in France and Belgium, aside from an unsuccessful German attempt to break through the Belgian line north of Steenstraete, there have been only bombardments.

The British in Egypt have carried out a successful maneuver against Turks and tribesmen at Bayoud and Magelra, putting them to flight and destroying the camp at Bayoud.

Austrian aeroplanes have dropped bombs on Avlona, Albania, the only seaport town on the eastern Adriatic remaining in the hands of the entente allies. That Avlona probably is well fortified against an infantry attack is indicated by the statement of the Austrian admiralty that the raiding aircraft were heavily shelled.

Three German steamers have been sunk in the Baltic sea by entente allied submarines—two by the Russians and one by the British.

A British fishing smack arriving at Lowestoft reports having been shelled by a German aeroplane, a number of the crew being instantly killed and two injured.

MICHIGAN GUARDS ORDERED READY

Company A, Engineers of Calumet May Be Called to Serve at Border.

Calumet, Mich., May 18.—Company A, engineers of Calumet, one of the few National Guard engineering companies in the country has been ordered to get in readiness for possible military service on the Mexican border.

The members have been ordered to report to their captain whether it would be possible for them to be away for a period of at least six months.

The company has taken special instruction for four months from an officer in the regular army engineering corps. It is equipped for field service.

POLICE QUELL STRIKERS. Ansonia, Conn., May 18.—The entire police force and the fire department were called out shortly after noon today to quell an outbreak of strikers at the plant of the Ansonia Manufacturing company. Several shots were fired during the riot and it was said that one or two men had been shot.

COLLECTOR IS UNDER ARREST

New York, May 18.—Christopher J. Fortman, for more than ten years a deputy internal revenue collector, was arrested by the federal authorities today on a warrant charging him with demanding and accepting bribes from tobacco dealers in return for making false reports to the government. Assistant United States District Attorney McDonald said other collectors would be arrested in an effort to break up a system of alleged grafting which, he said, has cost the government more than \$300,000 within the last ten years.

Fortman was dropped from the service two weeks ago. For more than ten years, assistant District Attorney McDonald charges, Fortman had collected an average of \$50 a week in "tips" from the tobacco men. His duty was to check up the returns made by about one hundred dealers each month. Fortman, the government charges, without making an inventory, certified the dealers' returns, and received for this service "tips" of \$1 or \$2 from each dealer.

Fortman was transferred to Philadelphia some time ago. His arrest grew out of the recent indictment of seventy-five tobacco dealers and manufacturers on the charge of refilling cigar boxes without cancelling the revenue stamps. Fortman was arraigned before United States Commissioner Houghton and released in bail of \$3000 for a hearing on June 2.

HATS ARE TABOO AT CONVENTION

New York, May 18.—Prohibition, suffrage, preparedness and hats will be some of the topics at the biennial convention of the General Federation of Women's clubs, which opens here next Wednesday, according to an announcement made today by the local board of arrangements. Workmen today arranged checkrooms for the hats of the 9000 delegates who will attend the convention. Not a hat must be seen on the floor of the convention hall, according to the fiat of those in charge.

The first of the army of delegates, representing clubs in every part of the country whose membership total 2,500,000, are expected to arrive Saturday. The convention will be opened by addresses of welcome by Governor Charles S. Whitman and Mayor John Purroy Mitchell. The main topic for discussion at the convention will be "Americanization," the education of women immigrants in the English language and American ideals.

LOGAN BONDS ARE BEING PURCHASED

Brigham City, May 18.—The county commissioners have appointed the following delegates to the inter-mountain good roads convention to convene in Ogden June 13 and 14: T. P. Meister, Tremonton; H. G. Johnson, East Garfield; Brigham Jensen, T. H. Blackburn, Brigham; John F. Conley, West Portage; Albert E. Holmgren, Bear River City; Blackburn, Conley and Holmgren represent the board of county commissioners.

The board adopted a resolution authorizing the purchase of \$12,000 Logan 4 1/2 per cent bonds at par, with accrued interest, from the state board of land commissioners.
